Fred Ritchin, who teaches photography at N.Y.U., believes that the method of capturing images changes the world and that the world changes the method of capturing images. In a some times rambling essay, the author looks at various aspects of photography, with an emphasis on the changes wrought by the digital

After

In his latest book "After photography" Fred Ritchin takes a very optimistic view of the digitalized future of photography. Inspired by his thematic, but taking another stance Hans Durrer here reviews Ritchin's reflections in a more gloomy vein. 1

The not so good news first — this is how the preface of Fred Ritchin's
