Om den svenske forfatter August Strindberg (1849-1912) som maler og fotograf

A practical and fun way for a family to keep track of who will be where and when, this delightful William Wegman calendar features not only the artist's photographs, but also his drawings. The 250 reminder stickers will ensure you and your busy family

"Hailed as "the most illustrious of illustrators" by his contemporaries, Gustave Doré's engravings are still renowned today. His drawings appeared regularly in many historic nineteenth-century newspapers, such as the Pictorial Times or The Illustrated London News, and his illustrations for Cervantes's Don Quixote, Milton's Paradise Lost, Edgar Allan Poe's The Raven, Perrault's Fairy Tales, La Fontaine's Fables, Dante's Inferno, and the Holy Bible have ensured his place in our collective memory. Yet, the extent of Doré's genius remains largely unsung; he was both a prolific and protean artist, and a virtuoso in several disciplines. In his engravings, paintings, and sculptures, he alternated between historical, genre, and landscape tableaux, mastering monumental ensembles just as skilfully as modest, intimate, or farcical scenes. From oils on canvas in flamboyant tones to watercolours and wash drawings, Doré is an indisputable master of colour and material. His oeuvre also spans eras and geographical regions from Europe to the United States or Russia revealing his insatiable curiosity through a vast range of themes. Doré's multi-faceted work continues to provide a rich source of inspiration for cinema and comic arts alike, inscribing his enduring legacy in popular culture today."--P. [4] of cover.

La muestra presenta en paralelo las respectivas carreras artísticas de Sargent y Sorolla, sus coincidencias y diferencias: atracción común, fascinación por la luz mediterránea, gran éxito en el retrato, fracaso en los encargos decorativos para edificios públicos, etc.

A painter of vast pieces in his early days - works intended for salons and national exhibitions - Joaquin Sorolla (Valencia, 1863-1923) very soon developed a style of outdoor painting of his own which, though not connected stylistically with the Barbizon School, nevertheless pursued the same postulates, as a result of which he came to be known as a Spanish Impressionist painter. He began to devote himself entirely to this practice in 1900, painting landscapes, views of cities, studies of nature, seascapes and garden scenes in which he demonstrated his tremendous skill in capturing the effects of light. Joaquin Sorolla is unquestionably an essential book for anyone interested in the Spanish Impressionists, and the most complete work of reference on this artist from Valencia. It includes an insightful and in-depth essay by Blanca Pons-Sorolla and some 300 reproductions of his most important pieces.

A new survey of the best works by the elusive and spectacular Spanish Impressionist Joaquín Sorolla. Often compared to his contemporary, the American artist John Singer Sargent, Joaquín Sorolla (1863-1923) was a master draftsman and painter of landscapes, formal portraits, and monumental, historically themed canvases. Highly influenced by French Impressionism, the Valencian artist was a master plein-air painter known for his luminous seaside scenes of frolicking youths and for vivid depictions of Spanish rural life and its pleasures and customs. This beautifully designed and produced volume brings together one hundred of Sorolla's major paintings, selected by his great-granddaughter Blanca Pons-Sorolla, the foremost authority on the artist. Benefiting from close proximity to the artist and his personal archives, she presents an in-depth essay that explores Sorolla's life, work, and remarkable international legacy. With virtually all of the artist's previous publications now out of print, this much-anticipated volume is an important addition to the literature on this great Spanish master.
