chamber (n.) c. 1200, "a room in a house," usually a private one, from Old French chambre "room, chamber, apartment" (11c.), from Late Latin camera "a chamber, room" (see camera). The Old French word and the Middle English one also were used alone and in combinations to form words for "latrine, privy" from the notion of "bedroom utensil for containing urine."

Chambers Dictionary of Etymology. This work is really going around under an alias, as it's a British edition of the 1988 Barnhart Dictionary of Etymology, a respected work from the US which until now has been available in the UK only by a pricey purchase from a transatlantic bookseller. It has the same text as the original from the H W Wilson Company and indeed, to judge from the printing, seems to be a facsimile.
