Crazy Rich Asians is this summer's 'Bergdorf Blondes,' over-the-top funny and a novelty to boot. Mr. Kwan delivers nonstop hoots about a whole new breed of rich, vulgar, brand-name-dropping conspicuous consumers, with its own delicacies, curses, vices, stereotypes ('I hope she's not one of those Taiwanese tornadoes!') and acronyms. According to Mr. Kwan, this crowd uses U.B.C., as the University of British Columbia, in Vancouver, is known, to mean 'University of a Billion Chinese.'

Crazy Rich Asians is the outrageously funny debut novel about three super-rich, pedigreed Chinese families and the gossip, backbiting, and scheming that occurs when the heir to one of the most massive fortunes in Asia brings home his ABC (American-born Chinese) girlfriend to the wedding of the season. When Rachel Chu agrees to spend the summer in Singapore with her boyfriend, Nicholas Young, she envisions a humble family home, long drives to explore the island, and quality time with the man she might one day marry. What she doesn't know is that Nick's family home happens to look like a palace, that she'll ride in more private planes than cars, and that with one of Asia's most eligible bachelors on her arm, Rachel might as well have a target on her back. Initiated into a world of dynastic splendor beyond imagination, Rachel meets Astrid, the It Girl of Singapore society; Eddie, whose family practically lives in the pages of the Hong Kong socialite magazines; and Eleanor, Nick's formidable mother, a woman who has very strong feelings about who her son should--and should not--marry. Uproarious, addictive, and filled with jaw-dropping opulence, Crazy Rich Asians is an insider's look at the Asian JetSet; a perfect depiction of the clash between old money and new money; between Overseas Chinese and Mainland Chinese; and a fabulous novel about what it means to be young, in love, and gloriously, crazily rich.

NEW YORK TIMES BESTSELLER • A Good Morning America Book Club Pick The author of the New York Times bestselling phenomenon Crazy Rich Asians takes you from Capri to NYC, where Lucie Tang Churchill finds herself torn between two men—and two very different cultures. On her very first morning on the jewel-like island of Capri, Lucie Churchill sets eyes on George Zao and she instantly can't stand him. She can't stand it when he gallantly offers to trade hotel rooms with her so that she can have a view of the Tyrrhenian Sea, she can't stand that he knows more about Casa Malaparte than she does, and she really can't stand it when he kisses her in the darkness of the ancient ruins of a Roman villa and they are caught by her snobbish, disapproving cousin Charlotte. The daughter of an American-born Chinese mother and a blue-blooded New York father, Lucie has always sublimated the Asian side of herself in favor of the white side, and she adamantly denies having feelings for George. But several years later, when George unexpectedly appears in East Hampton, where Lucie is weekendening with her new fiancé, Lucie finds herself drawn to George again. Soon, Lucie is spinning a web of deceit that involves her family, her fiancé, the co-op board of her Fifth Avenue apartment building, and, ultimately, herself as she tries mightily to deny George entry into her world—and her heart. Moving between summer playgrounds of privilege, peppered with decadent food and extravagant fashion, Sex and Vanity is a truly modern love story, a daring homage to A Room with a View, and a brilliantly funny comedy of manners set between two cultures.

From author and filmmaker Sandi Tan, director of the acclaimed documentary Shirkers, comes a novel about a neighborhood of immigrants, seekers, lovers, and lurkers. The residents of Santa Claus Lane do their best to stay out of each other's way, but desire, fury and mischief too often propel these suburban neighbors to collide. Precocious Korean American sisters Mira and Rosemary find their world rocked by a suicide, and they must fight to keep their home; a charismatic and creepy drama teacher grooms his students; a sardonic gay horror novelist finds that aging is more terrifying than any monster; and a white hippie mom and her adopted Vietnamese daughter realize that their anger binds them rather than pushes them apart. Lurkers is an homage to the rangy beauty of Los Angeles and the surprising power that we have to change the lives of those around us.
