From business plans and sales presentations to newsletters and email marketing, *The AMA Handbook of Business Documents* gives readers the tips, tricks, and specific words they need to make their company come across on page or screen in a way that leads to its success. This versatile guide to preparing first-class written pieces provides readers with dozens of sample documents and practical tips to give them a strategic and creative advantage when crafting proposals, memos, emails, press releases, collection letters, speeches, reports, sales letters, policies and procedures, warning letters, announcements, and much more. You'll learn about the various types of business documents and the parts of a document that spell either big success or big trouble. Suited equally to executives, entrepreneurs, managers, administrative staff, and anyone else charged with putting a business's intentions into words, this handy guide will forever transform the way you communicate your company's identity, products, services, and strengths in written communication.

With the emergence of English as the official language of business worldwide, it is critical that business writers produce clear, concise communication. Written communication is like a corporate ambassador: individuals and companies will be judged by the professionalism evident in their business writing. The handbook offers a lesson-on-

every-page format for ease of use and for instant comprehension. The best way for a user to fully understand the writing concepts presented in this handbook is to follow the examples attached to each lesson. To further assist the user in mastering business writing, there are over 30 template-like writing samples with guidelines. In fact, users could simply follow the format of these writing samples and fill in their own content. Should the user be tasked with putting together newsletters or a visual piece (invitations, announcements, etc.), there is a section devoted to graphics, design, fonts, and visual layouts. This handbook consists of five stand-alone sections: composition basics; usage; writing style and structure; proposals and reports; visual design. This handbook has been a favourite of corporations, universities and colleges, and international users. Note: there is no discrepancy between British, Canadian, and American usage.

CD-ROM contains full text for all the procedures available in the manual. Files are provided both as fully formatted Word 6.0 (.doc) documents and as text-only documents (.txt).

These days, Richmond is a city of winter balls and garden parties on soft summer evenings, a city of private clubs where white-haired old gentlemen, with their martinis or mint juleps in hand, still genuflect in front of portraits of Robert E. Lee. But it's also a city of brutal crime scenes and drug corners. It's a city of world-class ad agencies and law firms, a city of the FFV (First Families of Virginia) and a city of immigrants - from India, Vietnam and Africa to Massachusetts, New York and New Jersey.

Short story collection

History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll

learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.
