Applying for pensions. If you've worked in several EU countries, you may have accumulated pension rights in each of them. You'll have to apply to the pension authority in the country where you're living or you last worked. If you've never worked in the country where you're living, your host country will forward your claim to the one you last worked in.

State pensions abroad - Your Europe

Currently, member countries are mainly responsible for the design of pension schemes, but the EU does have a regulatory framework on pensions. This covers four significant points : cross border co-ordination of social security ; setting up an internal market for company pension schemes; minimum guarantees in case of the insolvency of the sponsoring employer; and anti-discrimination rules.

Shortlist 2020 // European Pensions Awards

European pension systems will need to adapt to stay financially sustainable and be able to provide Europeans with an adequate income in retirement. Even though pensioners in most EU countries are less likely to be poor than those who work, inequality among pensioners persists: There are significant country differences in poverty risk and pension income. Older women face a higher risk of poverty or social exclusion than older men do, and women's pensions are more than a third lower on average.
