Fausto Coppi - Wikipedia

Fausto Angelo Coppi (September 15, 1919 - January 2, 1960) was probably the finest, most elegant cyclist in the history of the sport. Nicknamed Il Campionissimo (the Champion of Champions), he won nearly everything, single day races, stage races, time trials and track races. A short list of his major accomplishments:

Voted the most popular Italian sportsman of the twentieth century, Fausto Angelo Coppi was the campionissimo - champion of champions. The greatest cyclist of the immediate post-war years, he was the first man to win cycling's great double, the Tour de France and Tour of Italy in the same year - and he did it twice. He achieved mythical status for his crushing solo victories, world titles and world records. But his significance extends far beyond his sport. Coppi's scandalous divorce and controversial early death convulsed a conservative, staunchly Roman Catholic Italy in the 1950s. At a

Online Library Fausto Coppi

time when adultery was still illegal, Coppi and his lover were dragged from their bed in the middle of the night, excommunicated and forced to face a clamorous legal battle. The ramifications of this case are still being felt today. In *Fallen Angel*, acclaimed cycling biographer, William Fotheringham, tells the tragic story of Coppi's life and death - of how a man who became the symbol of a nation's rebirth after the disasters of war died reviled and heartbroken. Told with insight and intelligence, this is a unique portrait of Italy and Italian sport at a time of tumultuous change.

A beautiful and unique depiction of the worldwide cycling legend Fausto Coppi, including hand-picked and rarely seen historical images.

Online Library Fausto Coppi

Death wanted him intact - under this newspaper headline on the 3rd January 1960, the editor in chief L'Equipe and boss of the Tour de France signed an obituary with this poignant sentence: Fausto Coppi will race no more.

Born in Italy, the son of humble Piedmont peasants, Fausto Coppi knew the hardships of life as well as the glories. On January 2nd 1960 - one of the greatest cycling champions of all time died of malaria. The king of the peloton, the campionissimo dazzled and amazed the cycling world with his style and melancholy personality while advancing the sport technically and socially.

The story of Italian cycling is the story of Italy in the twentieth century.

Online Library Fausto Coppi

"This publication of Torino 2006 is a special tribute to the bicycle racer Fausto Coppi, called the Campionissimo"--Page 7.

A celebration of the Giro d'Italia in all its kaleidoscopic glory after more than one-hundred stagings of this glorious race. Born of tumult in 1909, the Giro d'Italia helped unite a nation. Since then, it has reflected it's home country—the Giro's capricious and unpredictable nature matches the passions and extremes of Italy itself. A desperately hard race through a beautiful country, the Giro has bred characters and stories that dramatize the shifting culture and society of its home. There was Alfonsina Strada, who cropped her hair and raced against the men in 1924, or Ottavio Bottecchia, expected to challenge for the winner's "Maglia Rosa," the famed

Online Library Fausto Coppi

pink jersey, in 1928, until he was killed on a training ride—most likely by Mussolini's Black Shirts. And what would a book about the Giro d'Italia be without Fausto Coppi, the metropolitan playboy with amphetamines in his veins, guided by a mystic blind masseur, who seemed to glide up the peaks. But let us not forget his arch rival Gino Bartali—humble, pious and brave. It recently emerged that he smuggled papers for persecuted Jewish Italians. Then there is the Giro's most tragic hero, Marco Pantani, born to climb but fated to lose. Halted only by World Wars, the Giro has been contested for over a century, and *The Beautiful Race* is a richly written celebration of this legendary race.

The inspiring, against-the-odds story of Gino Bartali, the cyclist who made the greatest comeback in Tour de France history and secretly

Online Library Fausto Coppi

aided the Italian resistance during World War II Gino Bartali is best known as an Italian cycling legend who not only won the Tour de France twice but also holds the record for the longest time span between victories. In *Road to Valor*, Aili and Andres McConnon chronicle Bartali's journey, from an impoverished childhood in rural Tuscany to his first triumph at the 1938 Tour de France. As World War II ravaged Europe, Bartali undertook dangerous activities to help those being targeted in Italy, including sheltering a family of Jews and smuggling counterfeit identity documents in the frame of his bicycle. After the grueling wartime years, the chain-smoking, Chianti-loving, 34-year-old underdog came back to win the 1948 Tour de France, an exhilarating performance that helped unite his fractured homeland. Based on nearly ten years of research, *Road to Valor* is the first book ever written about Bartali in English

Online Library Fausto Coppi

and the only book written in any language to explore the full scope of Bartali ' s wartime work. An epic tale of courage, resilience, and redemption, it is the untold story of one of the greatest athletes of the twentieth century.
