14.542GS SABRE Lawn Tractor 14.542GS - SABRE EPC John Deere online advisor sale parts diagram catalog

A “ marvelously macabre ” (Kirkus Reviews) history of the bizarre afterlives of corpses of the celebrated and notorious dead. For some of the most influential figures in history, death marked the start of a new adventure. The famous deceased have been stolen, burned, sold, pickled, frozen, stuffed, impersonated, and even filed away in a lawyer ’ s office. Their fingers, teeth, toes, arms, legs, skulls, hearts, lungs, and nether regions have embarked on voyages that crisscross the globe and stretch the imagination. Counterfeiters tried to steal Lincoln ’ s corpse. Einstein ’ s brain went on a cross-country road trip. And after Lord Horatio Nelson perished at Trafalgar, his sailors submerged him in brandy—which they drank. From Alexander the Great to Elvis Presley, and from Beethoven to Dorothy Parker, Rest in Pieces connects the lives of the famous dead to the hilarious and horrifying adventures of their corpses, and traces the evolution of cultural attitudes toward death.

With the ‘ Asian Century ’ now upon us, bringing with it many profound economic and political changes to the world order, it is very timely to assess the state of democracy in the Asian region. Focusing on Eastern Asia, this book provides such a review, highlighting lines of connections between the states and peoples of this complex and dynamic region. Featuring chapters on China, Japan, Taiwan, South Korea, Hong Kong, Indonesia, Malaysia, Singapore, Thailand, the Philippines, Cambodia, and Myanmar, this book provides a detailed analysis of the state of democracy in each country or territory, and shows how each is different and distinctive, whilst simultaneously drawing out important similarities. Further, it provides up to date analysis of political changes in the region relating to the processes of democratization, and, in some cases, to the ongoing quest for democracy. Critically examining the current state of political development in the region, the chapters explore the issues and problems that challenge the region ’ s governments in terms of democratic transition, democratic consolidation, democratic improvement and good governance. With contributions from leading international scholars, this book will be of great interest to students and scholars interested in Asian politics, and politics and democratization studies more broadly.

Most of what has been written about the recent history of Yugoslavia and the fierce wars that have plagued that country has been produced by journalists, political analysts, diplomats, human rights organization, the United Nations, and other government and intergovernmental organizations. Professional historians of Yugoslavia, however, have been strangely silent about the wars and the breakup of the country. This book is an effort to end that silence. The goal of this volume is to bring together insights from a distinguished group of American and European scholars of Yugoslavia to add depth to our historical understanding of that country ’ s recent struggles. The first part of the

volume examines the ways in which images of the Yugoslav past have shaped current understandings of the region. The second part deals more directly with the events of the recent past and also looks forward to some of the problems and future prospects for Yugoslavia ' s successor states.

Experience turn of the century life in a small Midwestern town where the visit of President McKinley causes reporters to miss a nearby manned flight more than four years before the Wright Brothers. Attend the last concert of Buddy Holly and Ritchie Valens in Iowa before their tragic plane crash in 1959. Witness the disruption of family life when sex scandals within their church challenge their beliefs and values. Observe how an advisor to Secretary of State Colin Powell loses the respect of his extended family that disputes positions both have taken during the 2003 invasion of Iraq. Feel the psychological trauma, and occasional renewal, of those whose lives have been upset by unexpected career altering circumstances. These and other events are captured in this collection of short stories where real and fictional characters interact in historically meaningful situations.

A collection of just about all of the existing short stories written by Harry Stephen Keeler back in the early 20th century. Edited by Fred Cleaver, the 22 short stories are followed by a complete bibliography of Keeler's short fiction.

Teaching students to make connections across related texts promotes engagement and improves reading comprehension and content learning. This practical guide explains how to select and teach a wide range of picture books as paired text--two books related by topic, theme, or genre--in grades K-8. The author provides mini-lessons across the content areas, along with hundreds of recommendations for paired text, each linked to specific Common Core standards for reading literature and informational texts. In a large-size format for easy photocopying, the book includes 22 reproducible graphic organizers and other useful tools. Purchasers also get access to a Web page where they can download and print the reproducible materials.

The year is 1991, and Spud Milton's long walk to manhood is still creeping along at an unnervingly slow pace. Approaching the ripe old age of fifteen and still with no signs of the much anticipated ball-drop, Spud is coming to terms with the fact that he may well be a freak of nature. With a mother hell-bent on emigrating, a father making a killing out of selling homemade moonshine, and a demented grandmother called Wombat, the new year seems to offer little except extreme embarrassment and more mortifying Milton madness. But Spud is returning to a boarding school where he is no longer the youngest or the smallest. His dormitory mates, known as the Crazy Eight, have an unusual new member and his house has a new clutch of first years (the Normal Seven). If Spud thinks his second year will be a breeze, however, he is seriously mistaken. He is soon beset with women trouble, coerced into misguided late-night adventures, and finds his dreams of a famous career on the stage in tatters after landing the part of the Dove of Peace in a disastrous house play production of Noah's Ark. Hilarious, bitter-sweet, tragic and real, join Spud as he takes another tentative step forward while all around him the madness continues ... This is the second book in the record-breaking Spud series and the sequel to Spud. The third title is Spud - Learning to Fly.

Desi Bascomb is a princess substitute prodigy—she's the fastest employee ever to advance to level three in the Façade Agency, and the youngest to ever be a full-time sub. But now with all eyes on Desi, the only thing she wants is a moment alone to talk to Reed, who's a Façade legacy and secretly a sub for princes! As Desi trains for her new role, she spies more than a few cracks in Façade ' s perfect appearance. But uncovering the agency ' s dark past might require more than a princess sub can handle by herself. Desi is no damsel in distress, but sometimes a girl needs a knight in shining armor.

A two-volume core textbook and casebook that emphasizes precedent setting cases and alternative constitutional positions for courses in constitutional law and civil liberties

More than 200 pages of slick graphics, spectacular photographs, color-coded locator maps and engaging prose written by experts make the New York Spiral Guide an indispensable travel companion - the one to trust at home or abroad. Entertaining prose by savvy authors illuminates popular places and introduces newcomers to those little-known gems that locals like to keep secret. This guide is flush with listings of accommodations, restaurants, shopping venues, and nightspots. And foolproof insider information helps readers spend their vacation time wisely. With its practical wire binding, this user-friendly guide lays flat and handles like no other.
