The purpose of this book is to address the proper preparation for careers in criminal justice. Now more than ever, there is a societal demand for willing college graduates who are prepared to enter the field at the basic level, and eager to develop themselves into positions of responsibility and leadership. Due to rapid and continuous changes in technology and overall society, students entering the field of criminal justice employment will be expected to adjust to changes in their line of work. This book describes the realistic descriptions of the various entry-level positions that are offered, and practical information is provided to maximize efficiency in the selection of academic courses that will improve a student's likelihood of success during the application process. Major topics include: A Short History of Criminal Justice as an Academic Study; The Nature of Professions; Electives that Will Help; The Importance of an Internship; Disqualifiers and What to Avoid During College Years; Stereotypes and Misperceptions in Criminal Justice Employment; Careers in Law Enforcement, Corrections, and Private Security; Graduate School and Law School; Realistic Alternatives; Networking, Looking for Employment Leads, and References; Preparing for Testing and the Interview; Preparing for Transfers to Specialized Units and Promotions; and the Roles of Nontraditional Students, Minorities, and Women in Criminal Justice. The names of state law enforcement training councils, federal law enforcement agencies, intelligence agencies, state regulatory agencies, federal regulatory agencies, and criminal justice professional associations are contained in the Appendices to assist students and faculty members. This valuable resource is designed to assist college students majoring in criminal justice, police academics, and law enforcement professionals.

Criminology Explains Police Violence offers a concise and targeted overview of criminological theory applied to the phenomenon of police violence. In this engaging and accessible book, Philip M. Stinson, Sr. highlights the similarities and differences among criminological theories, and provides linkages across explanatory levels and across time and geography to explain police violence. This book is appropriate as a resource in criminology, policing, and criminal justice special topic courses, as well as a variety of violence and police courses such as policing, policing administration, police-community relations, police misconduct, and violence in society. Stinson uses examples from his own research to explore police violence, acknowledging the difficulty in studying the topic because violence is often seen as a normal part of policing.

?The New Hampshire Criminal Code is reissued after each session of the Legislature. It contains the New Hampshire statutes, rules, and Articles of the Constitution that affect law enforcement and criminal practice reprinted from our New Hampshire Statutes Annotated. Extend your research and better understand the law with annotations to the important case law you need plus Opinions of the Attorney General, the New Hampshire Bar Journal, and the American Law Reports, 6th, as well as references to a number of law reviews, practice guides and other publications and the official comments of the Revision Commission. A table of updated laws and a comprehensive index make this volume a basic reference for attorneys as well as law enforcement and court personnel.
