Sett i gang is designed for the North American learner who is just starting to study Norwegian language and culture. Sett i gang is a complete and versatile beginning Norwegian curriculum that will help a learner develop language skills and cultural understanding through activities that explore the relationship between one's own culture and that of Norway. Whether you are learning Norwegian at a university, in a community education course, or as a self-study project, this text will give you the skills to explore Norway in a unique and exciting manner. Sett i gang will introduce you to a contemporary Norway with progressive social-democratic values, an increasingly diverse population, and cities pulsing with cosmopolitan energy. In addition, Norway is a country where international diplomacy is valued, cell phones abound and contemporary style is intertwined with the traditional. Sett i gang will also connect you with historic Norway, a country with breathtaking natural beauty and strong traditions in mythology, folk music, bunads, and cuisine. We hope that you enjoy your journey that will connect you to Norway and Norwegians-both linguistically and culturally.

In this book, Thomas Pauly and his daughter describe the simple system that took their family from a second personal bankruptcy to a rich and happy life, practically overnight.

Inspiration to Live Your MAGIC (TM) contains 75 biographical introductions that capture the essence of each persons life in about 400 words. Young people can find a role model and do more research and reading. Everyone, with five minutes to read, can find inspiration and perspective. Aspiring public speakers can find ready made life stories to illustrate their speeches. Every person in this collection is an inspiration to others, through their response to challenges (and some of them faced incredible challenges), by their commitment to serving humanity and their fidelity to their values. A book of inspiration for everyone. Praise for Inspiration to Live Your MAGIC (TM) This book is filled with real life stories of courage, leadership, wisdom and love. A must read for all young people. Our world is a better place because of the choices each of these people made in their life journey. Jay Ball, President & CEO Junior Achievement of Northern Alberta Larry Anderson's own story is compelling and inspiring enough, never mind the stories contained in Inspiration to Live Your MAGIC (TM). From young people with a belief that child labour is wrong, to world class philosophers, Larry Anderson captures the spirit and essence of inspiration. In this volume you will find stories of children, women and men who followed their dreams. These inspired individuals changed their communities, their nation and the world. From politics, diplomacy, entertainment, the arts and science, their stories demonstrate the triumph of the human spirit. From the slums of Calcutta, to the halls of Government, the Courts and the glitz of Las Vegas, these individual stories are victories of faith over fear. A must read for all, this book is truly inspiring. Robert Philp Provincial Court Judge Edmonton, Alberta, Canada These seventy-five biographies showcase people from all age groups, backgrounds and cultures. What they share is a passion and commitment to make their dreams come true and to make a difference for others in the process. Read Inspiration to Live Your MAGIC (TM), you will be inspired. Bill Trainor, Retired Teacher I love the way "Inspiration to Live Your MAGIC (TM) is written. It captures your attention and is easy to read and understand. I not only learned but

it evoked a yearning inside me to live my own magic. Thank you. Jeannie Lungard, Teacher, Psychologist

Earth, in common use for architectural construction for thousands of years, has in the past thirty years attracted renewed attention as a healthy, environment-friendly and economical building material. What needs to be considered in this context? The manual Building with Earth, which has been translated into many languages, describes the building technology of this material. The physical properties and characteristic values are explained in a hands-on manner: With proper moisture protection, earth buildings are very durable, and in particular the combination with wood or straw allows a wide spectrum of design options. Numerous built examples demonstrate the range of applications for this fully recyclable material.
