In this practical guide to becoming the best boss ever, Dr. Karen Walker delivers a personal touch to a highly scientific approach of measuring human behavior. There are anecdotes from real life experiences in military, civilian and academic settings that are applicable to all walks of life and significant relationship building. If you are at a stand still and bored with traditional leadership books, turn your life around with this strategic and futuristic approach to leadership competencies from an expert in organizational psychology. This approach measures behaviors and not opinions. Each chapter is based on hundreds of interviews and critical incidences of what it takes to be the best boss ever.
