"The term anarchy comes from the Greek, and essentially means 'no ruler.' Anarchists are people who reject all forms of government or coercive authority, all forms of hierarchy and domination. They are therefore opposed to what the Mexican anarchist Flores Magon called the 'sombre trinity' -- state, capital and the church.

The word "anarchy" comes from the ancient Greek word "anarchos" and means "without a ruler.". While rulers, quite expectedly, claim that the end of rule will inevitably lead to a descent into chaos and turmoil, anarchists maintain that rule is unnecessary for the preservation of order. Rather than a descent into Hobbes's war of all against all, a society without government suggests to anarchists the very possibility for creative and peaceful human relations.

on why anarchists use it. It  
is worth quoting at length:

"Why is our flag black?

Black is a shade of  
negation. The black flag is  
the negation of all flags.

It is a negation of  
nationhood which puts the  
human race against itself  
and denies the unity of all  
humankind.
