Beverly Donofrio beautifully writes her memoir about the struggles of life while raising her son not only as a teenage mother but a single mother. The book is more in depth than the movie ever was, I was truly able to feel and understand her struggles, heart ache, and joy on a personal level.

Trouble began in 1963. I'm not blaming it on President Kennedy's assassination or its being the beginning of the sixties or the Vietnam War or The Beatles...The trouble I'm talking about was my first real trouble, the age-old trouble. The getting in trouble as in 'Is she in trouble?' trouble. As in pregnant. As in the girl who got pregnant in high school.' After her teenage marriage failed, Bev found herself at an elite New England university, books in one arm, child on the other. Then, furnished with ambition, dreams and five hundred dollars, she took herself and her son to New York to begin a career and a life. An outrageous and touching memoir, this is the story of a teenage mother who, as her son grows up, becomes an adult herself.

compromise, and about how a teenage mother and her son find regeneration through love

Entering her fortieth year, Beverly Donofrio, a "lapsed Catholic," inexplicably begins collecting Virgin Mary memorabilia at yard sales. Her search for kitsch, however, soon becomes a spiritual quest, leading her to make a pilgrimage to the holy city of Medjugorje. There, she learns that Mary comes into your life only when pride steps out and receives a bonus: hope. In *Looking for Mary*, Donofrio offers the universal story about a woman who-in a quest for the Blessed Mother-finds herself.

While *Mary*, a girl whose family

lives in a big house, is learning things at school, a young mouse whose family lives in a small house within the big one is learning the same things at her school, and when the two eventually meet they become friends.

A bestselling memoirist bravely tells the story of the night evil paid her a visit—and how prayer chased evil away Beverly Donofrio had already lived two lives, first as a scrappy young mother on the streets of the East Village and later as the bestselling author of *Riding in Cars with Boys*. By the time she reached her fifties, she thought she had seen it all. Now, even though she was living in a vibrant, picturesque Mexican town, where she practiced yoga, drank

margaritas in her backyard, and took salsa lessons, she felt lost and was searching for monasteries to visit. The religious practice that had nourished her for several years had faded. She missed God. Then one night she woke to find a rapist holding a knife to her throat. So begins the memoir that charts Donofrio ' s journey—a long and twisting road through denial, mourning, anger, vulnerability, and retreat at five very different monasteries. Told through Donofrio ' s brutally honest, often ribald, emotionally unsparring voice, *Astonished* is a tender and hopeful narrative of healing and learning to love life again.

In this companion to acclaimed *Mary and the Mouse*, the Mouse

and Mary, Maria (Mary's daughter) and Mouse Mouse (Mouse's daughter) are looking for their mothers. They're not in their bedrooms, their car and cart are still in the driveway, and they are not in the gazebo or under the mushroom! Where could they be? Well, turns out Mary and the Mouse are great friends—just like Maria and Mouse Mouse—and soon the new generation is in on the old generation's secret, and vice versa. Sparingly told and beautifully illustrated, this book is every bit as charming as its predecessor. Kids will pore over the minute details of a mouse's parallel world.

But it ' s not long before she sees that Betsy has made a new best friend, and Ally is no longer on her radar screen. Not to mention that the weird new kid, Tina, has glommed on to Ally. In this phenomenally accurate and readable portrayal of the trials and tribulations of fifth grade, readers will watch a quirky, sensitive, and extraordinarily likeable girl try to survive. Narrated in Ally ' s distinctive first person voice, Thank You, Lucky Stars beautifully illustrates that it is possible to be unpopular, individualistic, nice, and still have fun.
