The Complete Guide to the Interpretation of Horoscopes Precise, comprehensive, and richly detailed, The Astrologer's Handbook moves far beyond the common "11 sun signs" to the important planetary aspects -- trines, squares, oppositions, conjunctions, and sextiles -- discussing their impact on the human personality and exploring their subtle but firm influence on all our lives. Although undertaken originally to meet the demands of professional astrologers, The Astrologer's Handbook is, happily, a book that serves every reader. The authors, two respected innovators in the field, explain carefully all of the central concepts and provide easy-to-follow instructions for doing a complete interpretation -- both general and specific -- of any natal chart. For those who wish to actually cast their own charts, step-by-step directions are provided. Or, for those who prefer, special coupons are provided for purchasing personalized computer-generated horoscopes with complete tabulation of planetary aspects cross-referenced to the proper pages of this book.

So concludes what Levi considered to be his testament, his most important and final treatise, and a summation of his esoteric philosophy. This volume is the conclusion of the work he started as Book One, The Heiratic Mystery or the Traditional Documents of High Initiation, published as The Book of Splendours (Weiser, 1984). The Great Secret contains his final two

works. In Book Two, The Royal Mystery or Art of Subduing the Powers, Levi discusses such topics as Evil, the Outer Darkness, the Great Secret, Magical Sacrifice, Evocations, the Arcana of Solomon's Ring, and the Terrible Secret. In Book Three, The Sacerdotal Mystery or the Art of being Served by Spirits, he expounds on the subjects of Aberrant Forces, the Chaining of the Devil, Sacred and Accursed Rites, Divination, Dark Intelligence, and the Great Arcanum.

Shine Brighter Every Day is a way of thinking, a mindset. It is not a diet. Danah Mor has created an easy-to-follow, no-nonsense guide that combines scientific and holistic advice to allow you to become your own food doctor, creating an achievable, sustainable plan that is completely personal to you. Our relationship with food is changing. Fad diets and "clean" eating is out and people have abandoned the search for a quick fix in favour of a heightened understanding of the importance of balance, both in their diets and their lives as a whole. In this book, qualified nutritionist and Ayurvedic practitioner, Danah Mor, gives readers all the information they need to adopt a positive, pragmatic mindset that banishes guilt and reframes their relationship with food in a sustainable and realistic way. Readers are introduced to a new perspective on food that helps them understand why they are attracted to certain foods. It shows them how non-physical nourishment is more powerful and important than physical food. Readers are given a chance to reconstruct new relationships with food, where their search and need for certain foods will naturally change and evolve into better choices over time. While many nutritionists bombard readers with lists about what to eat and what not to eat, Danah guides you back to basics. The book is structured into thirteen chapters, each one aimed at increasing your understanding of a specific aspect of health and wellbeing. As a whole, the book will allow you to recognise and plug the holes in your own knowledge and become your own boss and food doctor, ultimately equipping you with tools to fix your relationship with food and live a healthier and happier life.

DIVDIV This fascinating book explores the evolution of religious dualism, the doctrine that man and cosmos are constant battlegrounds between forces of good and evil. It traces this evolution from late Egyptian religion and the revelations of Zoroaster and the Orphics in antiquity through the Dead Sea Scrolls, the Mithraic Mysteries, and the great Gnostic teachers to its revival in medieval Europe with the suppression of the Bogomils and the Cathars, heirs to the age-long teachings of dualism. Integrating political, cultural, and religious history, Yuri Stoyanov illuminates the dualist religious systems, recreating in vivid detail the diverse worlds of their striking ideas and beliefs, their convoluted mythologies and symbolism. Reviews of an earlier edition: "A book of prime importance for anyone interested in the history of religious dualism. The author's knowledge of relevant original sources is remarkable; and he has distilled them into a convincing and very readable whole." —Sir Steven Runciman "The most fascinating historical detective story since Steven Runciman's Sicilian Vespers." —Colin Wilson "A splendid account of the decline of the dualist tradition in the East . . . both strong and accessible. . . . The most readable account of Balkan heresy ever." —Jeffrey B. Russell, *Journal of Religion* "Well-written, fact-filled, and fascinating . . . has in it the making of a classic." —Harry T. Norris, *Bulletin of SOAS/div/div*

Alberto Breccia is recognized as one of the greatest international cartoonists in the history of comics and Mort Cinder is

considered one of his finest achievements. Created in collaboration with the Argentine writer Héctor Germán Oesterheld, best known in the U.S. for his politically incendiary sci-fi masterpiece, the Eisner Award-winning *The Eternaut*, *Mort Cinder* is a horror story with political overtones. This episodic serial, written and drawn between 1962 – 1964, is drawn by Breccia in moody chiaroscuro. The artist's rubbery, expressionistic faces capture every glint in the eyes of the grave robbers, sailors, and slaves that populate these stories; while the slash of stripes of prisoners' uniforms, the trapeziums of Babylon, and more create distinct and evocative milieus.

A simple yet powerful principle, xiu yang fosters balance and peace. This expert guide to its ancient teachings features a combination of practices from meditation and mindfulness to yoga and qigong.

In *Torments of the Soul*, Antonino Ferro revisits and expands on a theme that has long been at the heart of his work: the study of dreams during sleep and in the waking state, and the psychoanalytic narrative. Following Bion, he focuses on the importance of what he sees as the task of contemporary psychoanalysis for generating, containing and transforming previously unmanageable emotions with a clinical psychoanalytic context. Antonino Ferro explores the concepts of 'transformations in dreaming', the session as a dream, individuals transformed into characters, the interpretation of these characters, and readings of them as the functioning of a single mind or as an analytic field created by the meeting of two minds: the client's and the analyst's. Here, a new identity, the analytic field, is formed from the reverie of both participants, which makes it possible to work on complex, nonlinear phenomena in a radical way, creating a 'royal road' to the unconscious communication of the patient. *Torments of the Soul* contains a plethora of clinical vignettes from the author's extensive psychoanalytic work with adults and children to illustrate the substantial theoretical progression he advocates here. Offering significant and important new interpretations of theories and ways of working with patients, this book will be essential reading for psychoanalysts, psychotherapists, psychologists, students of these fields and those interested in the human sciences.

The tarot is an empowering tool that has been used for divination over the centuries. But in *Neo Tarot*, tarot reader, writer and all-round witch, Jerico Mandybur, offers a refreshing and intelligent look at the ancient cards and practices, showing you that they should be used as healing tool first and foremost. With a beautifully illustrated 78-strong deck alongside – with relatable explanations of the profound symbolism of each card – this modern guidebook is a mixture of revealing insights, practical wisdom and actionable exercises that readers can incorporate into their self-care practice instantly, and watch their self-love flourish.

Critical Heidegger presents a selection of the best works on Martin Heidegger from a number of key commentators. These new and classic essays provide an essential guide to current European reception of his work.
