Answers to environmental issues are not black and white. Debates around policy are often among those with fundamentally different values, and the way that problems and solutions are defined plays a...

The Environmental Case: Translating Values Into Policy ...

Environmental policy cannot be seen in just black and white, but instead contains many shades of gray. Environmental battles—even the most heated—are essentially conflicts among those with fundamentally different values, and how problems are framed in politics plays a central role in shaping how these values are translated into policies.
