The Proletarian Gamble Korean Workers

This summing up, however inadequate, should clarify the meaning of 'proletarian gamble' in the title of the book. For members of the Korean surplus population, the act of moving to Japan and becoming a day laborer meant that they were constantly having to 'roll the dice-box of chance' (p. 21), and this for none other than the inherent contingency of exchange.

As this the proletarian gamble korean workers in interwar japan asia pacific culture politics and society, it ends in the works instinctive

The Proletarian Gamble Korean Workers In Interwar Japan ...

Main Argument: In this brilliant, flawed, angry book, Kawashima argues that contingent labor (labor bound to work but not guaranteed work) and contingency are an integral component rather than secondary effect of capitalism, and that Korean day laborers in Japan during the interwar period constituted nothing other than a proletariat despite the fact that their worksites and work were not fixed but aleatory as part of the commodification of their labor power. Secondary to this process, Korean ...
