The Illustrated Kitchen Bible is all quality content-a tremendous resource of over 1,000 delicious, achievable, and international recipes, with sumptuous photography, precise text, and innovative ideas. This book takes recipes and techniques and puts them under the microscope. How to get the best when shopping? What the preparation and cooking stages are? What to look for? What should it feel and smell like? How to save the day if something isn't right? What to serve with it? What to do with the leftovers (if there are any)? The result is home cooking at its most perfect. Victoria Blashford-Snell trained at Le Cordon Bleu, runs a highly successful catering company in London, and is a regular cooking teacher and demonstrator in Italy, Somerset, and at London's Books for Cooks. She has co-authored DK's Hors d'Oeuvres. Austrialia chef Brigitte Hafner writes the weekly recipes for The Sydney Morning Herald's Good Living and Melbourne Age's Epicure sections and with partner James Broadway, runs a popular wine bar and eatery in Melbourne's Fitzroy called The Gertrude Street Enoteca.

Together with a list of auxiliary and cooperating societies, their officers, and other data.

The ultimate collection of recipes to make real food, real fast--with hundreds of ways to cook smarter, not harder. The Kitchen Shortcut Bible is for all of us who love to cook, but never seem to have enough time. Rather than a book of way-too-clever hacks, this is a collection of more than 200 ingenious recipes that supercharge your time in the kitchen without sacrificing high quality or fresh flavor. Bruce Weinstein and Mark Scarbrough come to this, their definitive guide to shortcut cooking, after twenty-nine cookbooks and decades of experience in the kitchen. Not only do they know about putting great meals on the table, they also know that most people's nightly question isn't "what's for dinner," but "what's for dinner in the next half hour?" They've got risotto in minutes, no-fry chicken parm, and melted ice cream pound cake. But these recipes aren't merely "semi-homemade." They've also got slow cooker confits, no-boil stuffed cabbage, and a fine holiday turkey straight out of the freezer, as well as new ways to think about sheet pan suppers, Asian noodle dishes without a wok, and no-churn ice creams. And no MacGuyver-ing either! There are lots of new ways to use the kitchen tools you already own, imparting concrete shortcuts that save time and make something good into something great. When dinner is a problem to be solved, this is your cheat sheet.
