Tucks, pleats, hems, darts, edges, pockets, buttonholes, zips – whatever you want to sew find out how.

Since its first publication, Classic Tailoring Techniques for Menswear has been the authoritative resource for custom hand tailoring production. This new edition focuses on updating these timeless construction techniques through extensive use of all new photography and digital illustrations to enhance the clarity of each process. The enduring art of tailoring and the nature of bespoke tailoring processes means that the techniques presented in the first edition remain as relevant for today's designers as ever. The new edition is updated with information on measuring, alternative approached in use today and 748 all new photographs and illustrations. It also includes a brief overview of contemporary tailoring and the identifying key components of luxury tailoring from Britain, Italy and the Unites States. This introduction also familiarizes the reader with ways in which traditional production methods have been used in the development of luxury ready-to-wear men's tailoring. The text is ideal for students with basic design, patternmaking and sewing skills of at least an intermediate level for courses including Tailoring Techniques, Menswear Design, Couture Sewing, Intermediate or Advanced Construction Techniques, Costume Construction and Fashion Design Studios. Instructor's Guide available.

A guide to getting the most from sewing patterns, from choosing theright size to translating flat shapes into wearable garments. It showsyou how to change the shaping, length and detailing to suit your ownbody shape, taste and style, and once you've mastered that it shows youhow to make a new pattern out of a shop-bought pattern and even how to draftyour own patterns from scratch. This book is suitable for the amateur aswell as the more experienced dressmaker.

The first title published by COS, Creating with Shapes explores an innovative approach to design devised by Royal College of Art teacher and long-time COS collaborator Usha Doshi. We are celebrating its launch with a limited edition womenswear collection that uses the inventive methods Usha has pioneered.

Become an expert at sewing without spending weeks trying to learn how! (Even if you're a complete beginner) Imagine going from an

absolute beginner to expert at sewing in just a few days. What if you became so good at sewing that you could make your own clothes, fix pretty much anything, and all of this only took a few days of practice? Multi-time best selling arts & crafts author and influencer, Kitty Moore, presents the ultimate book for all beginners trying to learn how to sew. After years of sewing, Kitty realized that becoming great at sewing (for the 90% most common uses) could be accomplished in days, NOT weeks, if the right things were learned and practiced from day one. In this book you will get these "hacks" and learn how to completely transform your skill level on a sewing machine. If you want to learn how to sew, but want to learn fast or can't seem to grasp the basics... If you want a new hobby and sewing interests you but you're not sure where to begin... Or if the idea of receiving a full list of sewing instructions and patterns appeals to you... THEN THIS BOOK IS FOR YOU! This is my 5th Edition of the book and after months of feedback and editing, my team and I have produced the MOST EFFECTIVE & BEST-SELLING "beginners sewing book" on Amazon! In this book, you will get: Images included with all stages of the learning process, so you can learn faster than ever before A massive list of patterns included in this book that range from beginner to advanced, so you can learn and practice at the same time (this is a proven method to learn a new skill faster) Comprehensive step-by-step instructions for each pattern, so that anyone can follow along (even absolute beginners who have never done any sewing in their life) Kitty's personal email address for unlimited customer support if you have any questions And much, much more... Well, what are you waiting for? Grab your copy today by clicking the BUY NOW button at the top of the page!

An invaluable resource, Dressmaking will guide you through all the stages of making, altering, and customizing clothes. Starting with the Tools and Materials, you will learn what you need to buy and how to use it. The Fabrics chapter demonstrates the drape and weave of fabrics and explains the best uses of each. The Patterns chapter covers everything from understanding a pattern to altering one. In General Techniques, close-up photography and guiding annotation to explain key techniques step by step. A section on Basic Patterns and Variations then guides you through creating six garments. Patterns and detailed step-by-step instructions are provided for a skirt, dress, shirt, tee, jacket, and pair of trousers. Instructions are also given for possible variations of each garment. Finally, chapters on Alterations and repairs and Customizing offer practical tips for repairing worn items and inspiration for modernizing tired pieces. Packed with essential advice and inspiration, this is the dressmaking bible that no budding seamstress should be without.
