alliance between theology and science fits into Wesley's theological anthropology and view of creation. In Part II: Social Science and Wesleyan Theology Interface the contributors, representing a variety of psychological and theological perspectives, demonstrate how a dance between science and theology may look.

Wesleyan Theology and Social Science

Science and religion are living, organic, and creative traditions. Both see humans as profoundly interconnected and in some way responsible for our environs. This worldview is especially true for social science and Wesleyan religious tradition. While the dance between science and religion will always be complex, it can also be enjoyable and ...
